A Far-Away Feast

Please join us for our reimagined Far-Away Feast on Friday, September 18th, featuring a four course Farm to Table dinner delivered right to your door* to enjoy while streaming the film “The Biggest Little Farm.”

We are thrilled this year’s feast will showcase our Nantucket farmers produce prepared by Chef Greg Margolis of Nantucket Culinary. In addition, we are offering à la carte options* that you may add on to any ticket purchase.

If you are no longer on island and wish to “join us” we would be happy to ship to you, via FedEx, a curated box of distinct Nantucket items, to correspond with your ticket level, our program booklet with your name listed on the Sponsorship page as well as “The Biggest Little Farm” link.

This is our largest fundraising event of the year. Thank you for joining us in our reimagined feast, which will allow us to continue to carry out our mission to help educate islanders and visitors to the benefits of being sustainable and eating local food.

*on-island only.

Support Our Programs!

Sustainable Nantucket is on a mission to create a big tent for all sources of food grown or sourced on our island and we hope to help educate islanders and visitors to the benefits of eating local food.

Each of our four programs listed below helps us reach this goal.

- With the help of the Nantucket Land Bank we are expanding access for farmers and increasing the amount of agricultural acreage which will help to secure our food sources at our Community Farm Institute located at The Walter F. Ballinger Educational Community Farm.

- Educating everyone about the health and resilience benefits of locally produced food is also a key mission, targeting island youth through our Farm to School Program at the Nantucket Public Schools.

- The seasonal Farmers and Artisans Market and our new virtual farmers market, under construction on our website, are designed to bring local produce to the heart of downtown and accessible to all. We aim to make shopping locally a year-round activity.

- The NantucketGrown™Brand is the ultimate connection among local farmers and the restaurants that showcase the best of the island's produce.

Each of these programs has some big goals!

Please consider a contribution to help us reach them!

We all are lucky to choose what to eat, as often as three meals a day, so please choose local!

Very best regards and good health,

Posie Constable
Managing Director

THE BIGGEST LITTLE FARM chronicles the eight-year quest of John and Molly Chester as they trade city living for 200 acres of barren farmland and a dream to harvest in harmony with nature. Through dogged perseverance and embracing the opportunity provided by nature's conflicts, the Chesters unlock and uncover a biodiverse design for living that exists far beyond their farm, its seasons, and our wildest imagination. Featuring breathtaking cinematography, captivating animals, and an urgent message to heed Mother Nature’s call, THE BIGGEST LITTLE FARM provides us all a vital blueprint for better living and a healthier planet.
